Subject: M6H1 – Harvey Response: Report Request out of RM
Importance: High

José,

I would like a report in RM that provides all water systems that have had SITE assessments. The columns I need are

ID
Permit ID
PWS Name
County
Assessment Date

I am also fluent in SQL code and can take that as well if you show me how to use that in RM. I want to be able to run this report myself potentially several times a day.

Thanks,

Mark McCasland
